

NISHE PLATFORM MEETS MOBIHEALTH 2014

We are pleased to announce that we will be offering our attendees a novel conference tool to enhance their experience during MOBIHEALTH 2014. The new Networking and Information-Sharing Environment (NISHE) will assist attendees in both disseminating and collecting useful presentation material (e.g. slides, manuscripts, and related documents).

Your NISHE accounts will be activated tomorrow. To make the most of the system please:

1. Visit www.nishe.info. Click on 'Request New Password' and provide your registered email address. Your password will be emailed to you.
2. Log in to your account and go to 'Edit Profile' to fill in your details. A complete professional profile along with a photo is known to draw more attention, leading to more opportunities.
3. Click on the conference title and go to 'My Presentations'. Please upload your presentation materials (preferably in pdf format). Upload any additional related documents that could help promote your work.

For any queries please contact NISHE at: support@nishe.info.
